WHO WE ARE

CERAPACK PRODUCTS LTD is a manufacturing company - distributor of packaging products and packing machines. The principal goal of the company is to help customers control their packaging costs, implement effective packaging solutions and be sustainable in their packaging applications. We are committed to a mission that calls for strategically-focused expansion of partnerships with new and existing customers through our core manufacturing business and other value-added services. We act swiftly and sustainably to provide a differentiated product portfolio and services in response to the ever dynamic packaging needs in the market.

Our main products include BOPP (Plain and printed) packaging tapes & Jumbo rolls, Silent sealing tapes (low noise), Double sided tapes, Stationery tapes, Masking tapes, Duct or cloth tapes, Foam tapes, Barrier tapes, High temperature adhesive tapes, mechanical dispensers & carton sealing machines. With our state-of-the-art manufacturing facility we produce a wide range of quality self-adhesive tapes using advanced system. The machines incorporate auto tension control system and hydraulic web-aligner system to enhance the quality of BOPP Self-Adhesive Tape.

The plant is also equipped with high-speed slitter-rewinder machines for precision slitting. The machine incorporates the latest features like air brake & auto turret system. Our printing division is equipped with highly advanced machines that will guarantee you a superlative printing experience with high expertise. All this ensures that the tapes produced have precise finishing. Our company adheres to the highest standards of quality and continuously invest in new technology at all stages of manufacturing. Stringent testing and inspection ensures that we deliver a quality product that consistently meets and exceed all our clients' expectations, consideration and priority.

CERAPACK
PRODUCTS LIMITED

WE PRODUCE ALL
KINDS OF
JUMBO ROLLS

Product Description

ITEM	SIZE
Bopp packing tape jumbo roll	1.26m*4000m,1.60*4000m
Masking tape jumbo roll	1.06m*1000m
Cloth tape jumbo roll	1.06m*1000m
Double sided PP tape jumbo roll	1.06m*200m
Double sided foam tape jumbo roll	1.02m*600m
Aluminium foil tape jumbo roll	1.26m*1000m

Product Description

Material: BOPP film and coated with water based acrylic adhesive, hotmelt adhesive, Oily adhesive.

Features: Without bubbles, with good appearance, can be used conveniently, easy to tear,
Super clear adhesive tape with high quality and different thickness.

Applications: Steading, bundling, packaging carton boxes with automatic sealing machine.

Length	Width	Thickness	Elongation	Tensile Strength
50m	36mm	38mic	6g	120%
100m	45mm	40mic	6g	120%
200m	48mm	45mic	7g	130%
1000m	50mm	48mic	8g	130%
As required	As required	As required	As required	As required

Product Description

Material: BOPP film and coated with water based acrylic adhesive, hotmelt adhesive, Oily adhesive.

Low noise adhesive tape with high quality and different thickness.

Features: Low noise adhesive tape without noise when use and enviromental protection.

Applications: Steading, bundling, packaging carton boxes with automatic sealing machine.

Length	Width	Thickness	Elongation	Tensile Strength
50m	50mm 75mm	42mic	6g	120%
100m		45mic	6g	120%
200m		48mic	7g	130%
1000m		50mic	8g	130%
As required		or as required	As required	As required

Product Description

Material: Use for Office supplies, break-ups of paper paste, food sealing can also be used for art, souvenir and food packaging.

Features: Without bubbles, easy to tear.

Type: Normal clear stationery tape, super & crystal clear stationery tape, easy tear stationery tape, invisible stationery tape.

Length	Width	Thickness	Tensile Strength	Adhesive
20m	12mm	0.035 - 0.040 (mm)	45%	water based acrylic adhesive, hotmelt adhesive.
25m	18mm			
50m	24mm			
100m	48mm			
Peel Force	Initial adhesive	Permanent adhesion	Tensile Strength	Color
≥ 13N/25mm	25	72	≥ 68/25mm	Yellow Yellowish Clear Transparent Clear

Product Description

Material: BOPP film

Adhesive: Water based acrylic adhesive, hotmelt adhesive, oily adhesive

Features: High adhesion, high tensile strength, printable

Applications: Steading & bundling, packaging & carton sealing, packaging carton boxes with automatic sealing machine.

Length	Width	Thickness	Category
50m	36m		Clear, Yellowish Tan, Brown, Red Blue, Yellow and Green.
100m	48m	35mic	
200m	50m	40mic	
300m	60m	45mic	
500m	72m	50mic	
1000m	or as required		
or as required			

Product Description

Material: Coated with water based acrylic pressure sensitive adhesive, hotmelt adhesive, oily adhesive.

Features: Printing adhesive tape with various size, colour and can be printed 1-6 sets of colour.

Length	Width	Thickness	Elongation	Tensile Strength	Adhesive
50m	24mm	45mic	6kg	120%	400g
100m	50mm	50mic	7kg	130%	500g
200m	60mm	55mic	9kg	140%	550g

Product Description

- Feature:**
1. Double sided tape is water based or solvent based acrylic adhesive or hotmelt adhesive and laminated with release paper.
 2. Double sided tape with high adhesive, strong holding power, easy tear , quick sealing power, no residue left an ideal for household and industrial use.

Application: Used in industrial & household like advertisement, shoes , leather , computer embroidery ,carpet jointing, sealing, protecting

Material	Adhesive	Thickness	Color
PET Tissue Paper	Acrylic, solvent, hotmelt	70mic-220mic or as required	Yellow White

Product Description

Feature: Excellent adhesion high tensile strength , leave no residue after peeling off, good resistant of damage.

Application: 1. Used for normal masking such as : Indoor painting, car decoration painting.
2. Used in the auto refinishing & stoving trades or used in electronic industry.

Adhesive	Thickness	Temperature
Crepe paper and rubber adhesive	125+_10mic	Normal temperature 80°C, 120°C, 150°C, 180°C, 200°C etc
	130+_10mic	
	150+_10mic	

Product Description

- Features:**
1. Thin paper and good screening. Can repeat use and can instead of 3M 244.
 2. No residue left after peel, 130 C centigrade degrees temperature resistance.
 3. Factory with the competitive price
 4. Exhibits no bleed-through, seepage or flaking and leaves no residue when removed.

- Application:**
1. Suitable for car painting, PCB material, baking finishing ,UV resistance, Golf products protection
 2. This tape is suitable for 130 C oven drying and leaves no residue after removal. Ideal for use with water or solvent based paints.

Adhesive	Thickness	Temperature Resist	Size	Color
Washi paper and rubber adhesive	80+_5mic	Hi-temperature 130°C degrees centigrade	25m 50m Width: 24mm, 36mm,48mm Length: 50m, 100m	Yellow Green White

Product Description

Material: It takes the thermal compound of polyethylene and gauze fiber as the substrate with hotmelt adhesive and rubber adhesive.

- Features:**
1. high tensile strength, high viscosity and high temperature resistant.
 2. anti-pull, anti-grease, anti-corrosion and waterproof.
 3. protect the surface from rust, humidity water as well as easy tear

Application: Used for pipes, duct wrapping, waterproof packing, cable telephone lines following wall protection, carpets seams joining and dust insulation.

Length	Width	Thickness	Tack	Peel adhesion	Elongation
25m	48mm	170mic	≥ 15#	65oz/in	3n/mm
40m	50mm	230mic			4n/mm
50m	60mm	210mic			

Product Description

Features: Double sided PE foam tape or EVA foam tape with acrylic solvent adhesive or synthetical rubber adhesive. Good elongation and holding power for adhesion between automotive.

Applications: Designed for adhering to the irregular surface, fixing the nameplate, mirror and often used in automobile industry such as door sealing strips, pedal and metal board.

Peel adhesion	Tensile Strength	Color of release paper
50oz/in	2.5/kn/m	white, yellow green, red
Total thickness	Foam type	Thickness of Foam
1.25+_0.2mm	White/black EVA	1.0mm
1.25+_0.2mm	White/black PE	1.0mm
1.75+_0.2mm	White/black EVA	1.5mm
1.75+_0.2mm	White/black PE	1.5mm
2.25+_0.2mm	White/black EVA	2.0mm
2.25+_0.2mm	White/black PE	2.0mm
1.65+_0.2mm	White/black EVA	1.5mm
2.65+_0.2mm	White/black PE	2.5mm

Product Description

Material: Made of PVC film and coated with rubber adhesive

Features: Anti -high voltage, burning resistance and anti-cold, high elasticity, high intensity, good flexibility with strong retract ability.

Application: Used for various packing and production, wrapping of transformer coils, oil pipe and gas pipe.

Length	Width	Thickness	Tensil Stretch	Voltage Breakdown	Color
10m	12mm	120mic	150-160%	6.5kv 6.5kv 8.5kv	Green Black Red Blue
15m	15mm	130mic			
20m	18mm	150mic			
	24mm	170mic			

Product Description

Features: Single sided tape, Aluminium Foil backing, synthetical rubber or solvent acrylic

Applications: Used the high quality pressure sensitive adhesive, have the advantage of good stickiness and heat insulation, can be used as the seam performance and joint and the sealing, refrigerating cabinet, and also essential accessory for heat insulating materials.

Glue	Peel adhesive	Color
Hotmelt	50oz/in 30oz/in	Silvery
Total thickness	Total Strength	Thickness of Alufoil
300+_20mm	≥ 3.5/kn/m	160mic
190+_10mm	≥ 3.0/kn/m	50mic
180+_10mm	≥ 3.0/kn/m	40mic
170+_10mm	≥ 2.5/kn/m	35mic
155+_10mm	≥ 2.0/kn/m	30mic
135+_10mm	≥ 1.5/kn/m	25mic
300+_20mm	≥ 3.5/kn/m	160mic
190+_10mm	≥ 3.0/kn/m	50mic

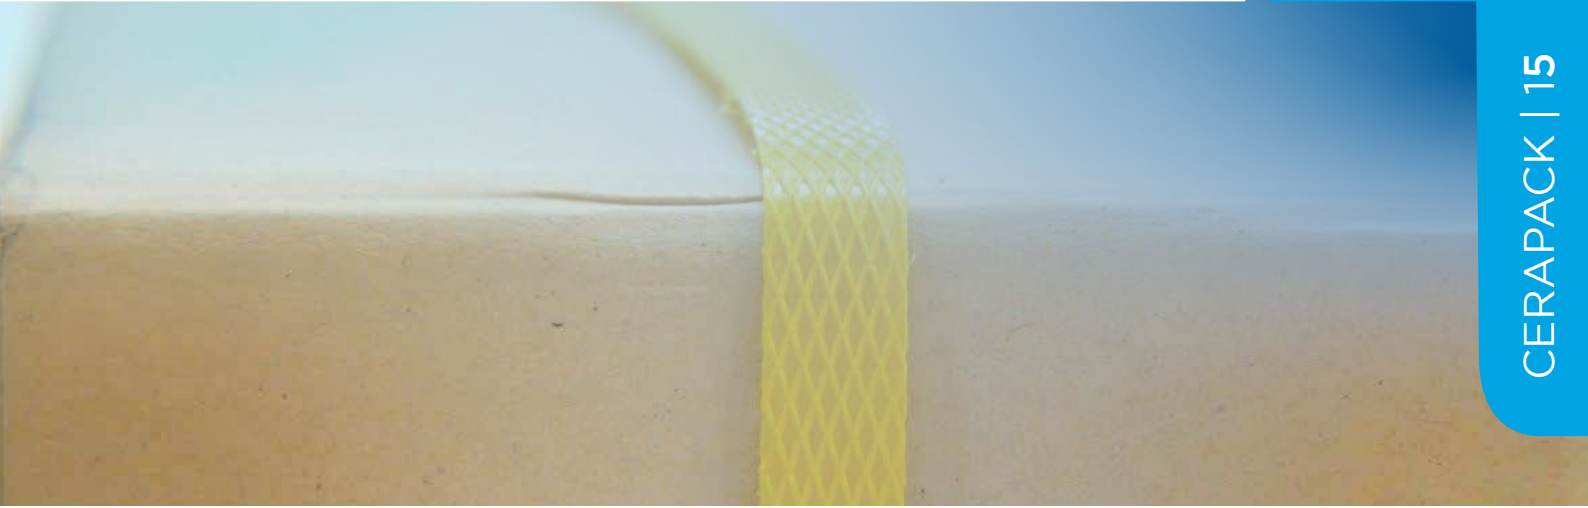

Product Description

Material: PET film with hotmelt adhesive, acrylic adhesive and silicone adhesive.

Feature: With high tensile steel, low extension ability, strong adhesive force etc.

Application: Widely used for industry such as packing, home appliances, automobile, train, subway, vessel etc.

Length	Width	Thickness	Adhesive	
50m 100m	50m 75m	0.13mm	Hotmelt, silicone, acrylic adhesive	
Stick force on steel	Tensile strength	Withstand Voltage	Heat resistance	Color
65N/100mm	4900N/100mm	2.5-3.0 KV	180°C	White

Hand Held Manual dispenser

This is designed with a pistol grip for comfort and ergonomics in repetitive use applications, and delivers improved wipe-down force and consistent, quick cutting – even of the strongest tapes in the industry. Designed to fit tape with any size core and are excellent for applying carton sealing, filament, masking, flat back tapes and more. Reduces noise and is quieter on the tape unwind. We offer premium quality for commercial companies with a lot of work load.

Table top Dispenser

Table dispensers are heavy yet portable and slip-resistant so that you can unroll the tape and cut it cleanly with the built-in cutting blade without having to use two hands. A good table dispenser is completely one-handed. This type of dispenser is intended for regular use with most standard pressure-sensitive tapes.

Manual Sidedrive Series Carton Sealer 2" Tape Carton Sealer MSD22-2

Description

Our Carton sealing machine is a Semi-Automatic Uniform Tape Carton Sealer that is an operator-fed solution for cartons needing a 2" seal. This machine is perfect for applications needing tamper protection or where pilferage is an issue.

All systems incorporate our exclusive pop out pressure sensitive "High Speed" tape heads with patented tab adjustment, and the dual (telescopic) masts allow for an extra 4" carton height extension on the upper assembly.

Features

- Two Side Belts
- Telescopic Mast Design
- Extra 4" Carton Height Adjustment Available on Upper Assembly
- Adjustable Bed Height 31.0" to 35.0"
- Width/Height Adjustment either side of machine
- Exclusive 4 rollers Top Compression Unit
- Tape Roll Lengths: 1000 yd. & 1500 yd.
- Heavy Duty Frame
- UL Approved Electrical Parts
- Designed for uniform applications Capable of Interchanging 2" or 3" Tape Heads
- Electrical on/off box can be mounted on either side of machine

Manual Top Drive Dual Mast(MTD) 2" Tape Carton Sealer, MTD22-2

Description

The Cerapack Products Ltd Series are Semi-Automatic Adjustable Tape Carton Sealers engineered for economical and effective operator fed closure applications. Our new telescopic mast design for the MTD allows for a wider range of boxes and better sealing stability. The MTD system also provides light to heavy duty carton sealing. These units are four-belt driven and come standard with a manual, self-centering mechanism that permits the operator to quickly center the carton and the tape.

Features

- Telescopic Dual Mast Design
- Designed for Uniform Applications
- 4 Belts - 2 Top and 2 Bottom Belts
- Adjustable Bed Height from 23.0" to 29.1"
- Extra 4" Height Adjustment Available on Upper Assembly
- Height Adjustment on either side of machine
- Box Top Compression Unit
- Tape Roll Lengths: 1000 yd., 1500 yd., 2000 yd.
- Heavy Duty Frame
- UL Approved Electrical Parts
- Rugged Construction
- Guide Rail Centering Mechanism
- 3" Model Capable of Interchanging 2" or 3" Tape Heads
- Cost Effective

Conveyor Kit, W=22.5 L=39

Benefits of Using the Cerapack Carton Sealers are;

- Increased productivity
- 110V, 60 Hz, single phase
- Durable double column construction
- Roller bed tables promote smooth movement
- 2" or 3" tape can be run on same tape head
- 3 inch tape heads (2 inch tape compatible)
- Uniform sealing

Commitment to **Quality**

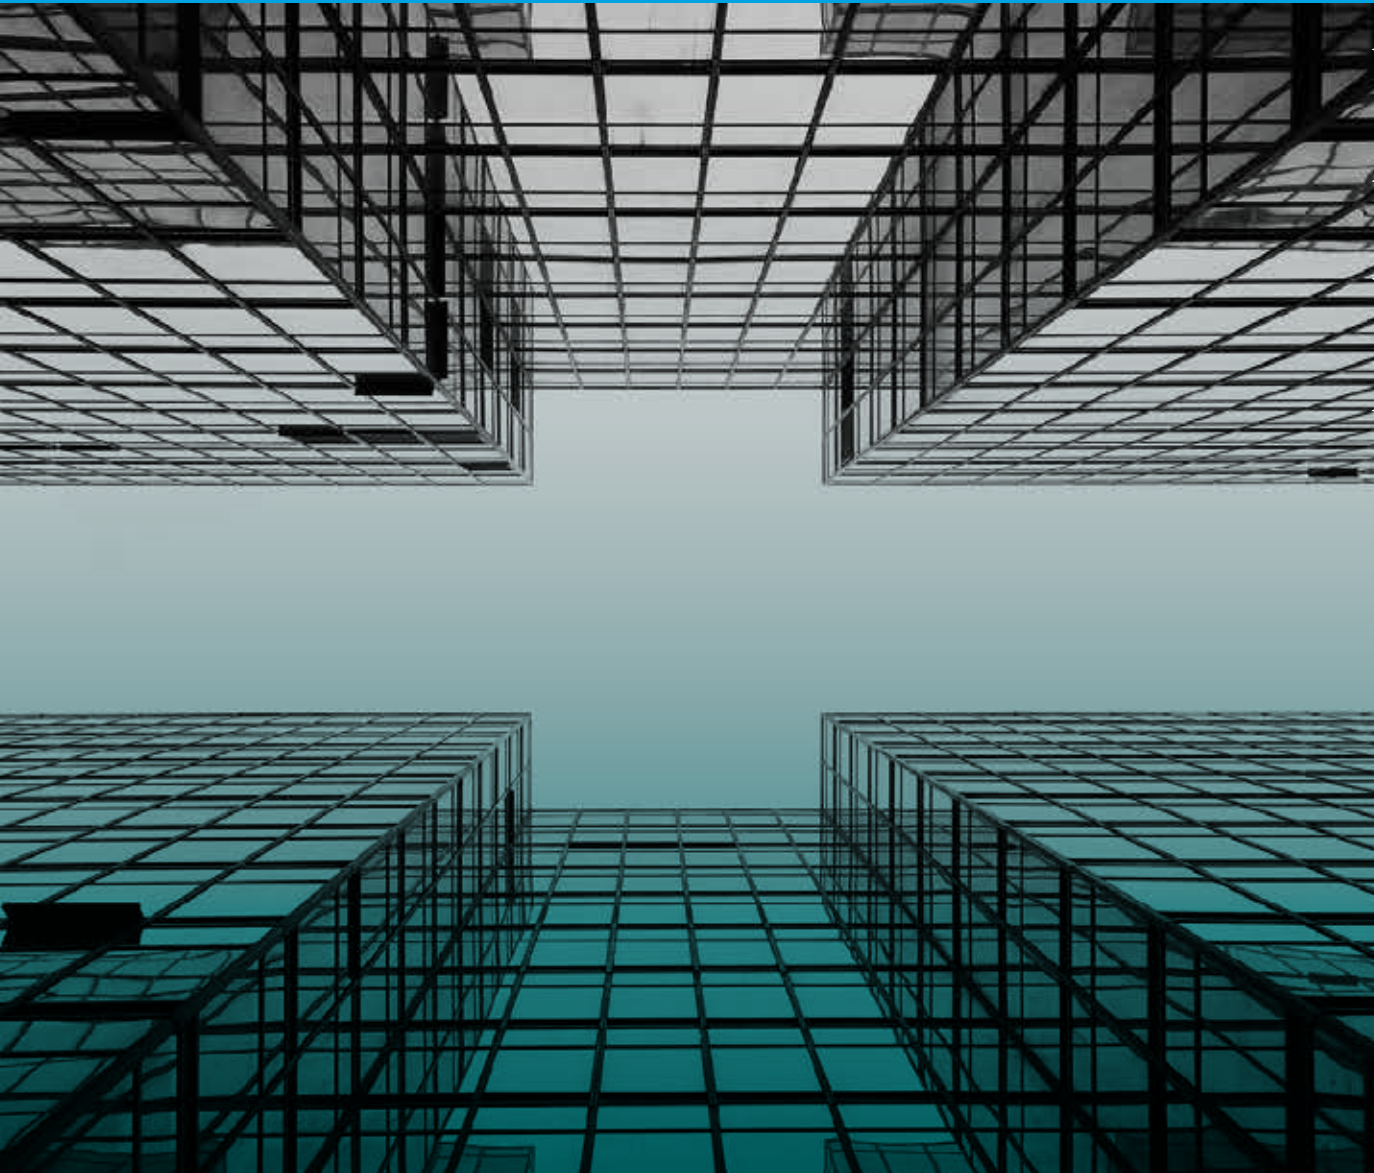

CERAPACK PRODUCTS LTD is dedicated to providing customers with world class products and services. This means that from initial contact with our customer, our team will work with you to provide the outstanding quality and service you need with an unparalleled level of customer-service. Our carefully selected suppliers of materials have enjoyed continued competitiveness and success in the global marketplace due to customer satisfaction and quality compliance.

We use their technological and market strengths to enhance the quality of our products for the benefit of our valued customers.

In Summary CERAPACK PRODUCTS endeavors;

- To conduct our business according to the highest level of ethics
- To provide best value proposition to our customers
- To maintain a management culture that is action oriented, always flexible and never bureaucratic
- To continue to train ourselves and our associates so that the service we give will be more and more intellectually performed

Executive SUMMARY

Mission Statement

Developing superior packaging solutions through technology and innovation while providing the highest level of workmanship, integrity and social responsibility.

Vision Statement

To innovate and reliably serve the market with exceptional packaging solutions. To achieve stable and sustainable growth by using our human, financial and intellectual resources in a teamwork environment by building a culture that gives Customer Satisfaction the highest consideration and priority
